

Stoner

Stoner® A677

Heavy Duty Rust Preventive

Product Description

Stoner® A677 Heavy Duty Rust Preventive provides long-term protection against moisture and oxidation. It prevents rust and corrosion from ruining exposed steel and stored metals for extended time periods. It allows you to ship or store parts, molds, tooling, or machinery without damage from rust, corrosion, or oxidation.

A677 leaves a heavy duty film on exposed metal to seal out dampness and prevent rust and corrosion. Ideal for plastic and rubber molds.

A677 Heavy Duty Rust Preventive ADVANTAGES:

- Ideal for long-term, extended rust protection of steel molds, tooling, and equipment.
- Protects steel and other metals.
- Contains no silicone.
- Contains no Class I (CFC) or Class II (HCFC) Ozone Depleting Substances.
- Contains no chlorinated solvents such as methylene chloride or 1,1,1 trichloroethane.

Uses

Stoner® A677 Heavy Duty Rust Preventive is used for prevents rust and corrosion from ruining exposed steel and stored metals for extended time periods.

Direction for Use
