

Stoner

Stoner® M520 ZIP-SLIP®

Rotational Mold Maintenance

Product Description

Stoner® M520 ZIP-SLIP® will help you save time, money and improve part quality. **ZIP-SLIP®** is an excellent preventative maintenance product when applied to the parting line of the mold. **ZIP-SLIP®** will help eliminate unwanted build-up of resin on the parting line that can cause gaps, leaks, messes, increased equipment maintenance and clean up time. **ZIP-SLIP®** improves efficiencies by maintaining a tighter seal on the parting line, it helps eliminate pinholes, voids, and blowholes.

M520 ZIP-SLIP® ADVANTAGES:

- Eliminate unwanted build-up of resin on the parting line.
- Maintain tighter seal of mold, reducing leaks and messes.
- Improves part appearance and reduces defects caused by gaps in the parting line.
- Save time on equipment maintenance and clean up.
- Colorless and non-staining.

Uses

Stoner® M520 ZIP-SLIP® is a preventative maintenance product for Rotational Molding to eliminate build-up on outer sealing edge of molds.

Direction for Use

Recommended Procedure

Apply a light uniform coating on molds parting line surface with a paint brush. Recommended for flat surfaces as well tongue and groove where unwanted resin build-up can occur. Occasionally check coating uniformity by running the paint brush around the parting line.

Storage and Handling

Handling: Normal precautions common to safe manufacturing practice should be followed in handling and storage.

Storage: Keep container tightly closed when not in use. Store in a cool, dry, well ventilated area away from all sources of ignition.

Packaging

Stoner® M520 ZIP-SLIP® is available in:

- 1-quarts can Part # M520CN
- 1-gallon can Part # M520GL
- 5-gallon pails Part # M520PL
